1202 BROADWAY ~ P.O. BOX 444
DENISON, IOWA 51442

2014

Phone: (712) 263-3447

The Crawford County Assessor's parcel information is on the web! We are able to offer a fast, easy approach for people to access the public records our office provides.

The basic information is available for a simple search at no cost to you. There is also the option of doing *advanced* property searches, as well as, residential and commercial comparable sales searches. These services are password protected and users will need to acquire the password through an annual, fee based, subscription. This feature is available as a weekly, monthly or yearly subscription possibility.

Use the *Real Estate Search* tab and type

- the parcel number or
- the full address (example: 527 17th St N);
- just the house number (527)
- or just the street name (17th St N) and you will get a list of those addresses matching your request.

Use a '0' before the number if entering a street from 1 to 9. (01st Ave – 09th St)

Common abbreviations used: ST / AVE / RD / BLVD / HWY / N / S / E / W

Use the '*Parcel Number*' tab and the basic assessment information will appear, along with a photo and sketch.

For additional 'in' house information (basement, heat, bathrooms, garages & etc) click on the '**Residential Building Information**' heading ... click on the colored

Single-Family / Owner Occupied

(Click on any blue colored word/s in a report for additional information.)

If there is **Agricultural Building Information**, on the parcel you have selected, click on each individual building for structure information.

- Tax information can be accessed through the link at the bottom of the Assessment information.

**Bare agricultural land is available with a parcel number (or name on the GIS site).
Exempt property information is not on the web site.**

Check out our Links, Building Permit Information, Application Information, and Sales Data!

Crawford IA GIS offers aerial photos of Crawford County parcels with searching by name, address or parcel number. Web address:(<https://portico.mygisonline.com/html5/?viewer=crawfordia.bv1-p1>)

Our Website is new and improved to help you access the information that you need! If you have any questions, please contact our office!
